

## **From the Commander, SPAWAR Systems Center San Diego**

### **To All hands:**

This message is to inform all SPAWAR Systems Center San Diego employees of the work schedule for Wednesday 12 September.

The Region and the Center are currently at Threat Condition DELTA.

Therefore, on Wednesday 12 September, only employees designated "Minimum Essential" will be required to report to work. No other employees or visitors will be permitted to enter the areas. Contractor employees who have been designated as "minimum essential" will also be expected to report to work.

Automobile access will be restricted, so be prepared to follow directions from Security personnel about where to park.

This message is being sent via email, posted on the SPAWAR Knowledge Center and broadcast via AUDIX on SSC-SD voice mail. We will also post this message on the "SSC Locator" phone line.

Please check one of these sources or call your supervisor to learn about the work schedule for Thursday and subsequent days.
